

Thursday, June 7 • 9:30am-6pm
Bates Mill

The LA Metro Marketplace is a showcase of the greater Lewiston Auburn area. Under one roof we will capture an inspiring representation of the many facets of our communities. As you explore the LA Metro Marketplace, you'll be captivated by the number of world class products made here, the top notch services provided and overall how much we have to be proud of right here in our own area. Anyone walking into the Marketplace that day will leave with a positive image of our area.

Market to other businesses, market to customers, market to potential employees and market to the future workforce. Not only will you be able to meet with other businesses and potential employees, you will engage with local students and be encouraged to make sales with individual customers.

By touting our positives, we are improving the LA Metro region's image, engaging and retaining youth, attracting new residents and improving our workforce. Let's work together to change perceptions! You CAN play a role in improving our image while increasing your business.

9:30am-11:00am	Interact with local students as they tour the Marketplace
11:00am-12:30pm	The Marketplace will be open to Job Seekers (not hiring? break for lunch or collect resumes for future possibilities!)
12:30pm-4:30pm	Public entry to The Marketplace with a \$5 donation to the LA Metro Chamber Scholarship Fund
4:30pm-6:00pm	After Hours in the Marketplace Pavilion

Suggestions as to what companies & organizations should be talking about at their booth...

- The products & services you offer to both businesses & individual customers
- What makes you great? What fun facts can you share about your business?
- What do you make and how does it get used?
- What is newsworthy? What will make people walk away and say "wow, I didn't know that"

The marketplace will be laid out creatively with marketplaces of ideas, makers, possibility, prosperity and wellbeing to be engaging and interesting to visitors and vendors.
